COLLEGE OF PHYSICIANS & SURGEONS OF ONTARIO

Announcement for the Academic Year 1914-1915

"THE COLLEGE OF PHYSICIANS AND SURGEONS OF ONTARIO" is the name adopted by the Medical Profession of the Province of Ontario in its corporate capacity. As every legally qualified medical practitioner in the Province is a member of this College, it is not an institution for the teaching of medicine.

The Medical Profession of Ontario was first incorporated under this name by an Act of Parliament of Canada, passed in 1866. This Act was subsequently repealed by the Legislature of Ontario in 1869, and now the affairs of the Profession in this Province are regulated by an Act passed in 1874 (37 Vic., Cap. 30), commonly known as the "Ontario Medical Act," and further amended in 1887, 1891, 1893, 1895, 1902 and 1905.

ANNUAL ANNOUNCEMENT.

By this Act, the "COUNCIL OF THE COLLEGE OF PHYSICIANS AND SURGEONS OF ONTARIO" is empowered and directed to enact by-laws for the regulation of all matters connected with medical education; for the admission and enrolment of students of medicine; for determining from time to time the curriculum of the studies to be pursued by them, and to appoint a Board of Examiners, before whom all must pass a satisfactory examination before they can be enrolled as members of the College, and thus be legally qualified to practise their profession in the Province of Ontario.

The Council, moreover, has power and authority conferred upon it by this Act to fix the terms upon which practitioners of medicine, duly qualified in other countries, may be admitted as members of the College of Physicians and Surgeons of Ontario, this being the only mode in which they can become legally entitled to practise their profession in this Province.

For the information and guidance of students of medicine, the Profession, and the public generally, the Council, in conformity with the Ontario Medical Act, hereby promulgates for the year 1914 1915 the REGULATIONS which herein follow, repealing all others heretofore in force.

All changes in the medical curriculum shall take effect at the next ensuing annual examinations.

The Registrar read the minutes of the last session, which were confirmed and signed by the President.

PRESENTATION OF REPORTS

Dr. Varden presented the report of the Legislative Committee.

Dr. MacArthur presented the report of the Executive Committee, re examinations, etc.

MOTIONS OF WHICH NOTICE HAS BEEN GIVEN AT A PREVIOUS SESSION.

Moved by Dr. Ferguson, seconded by Dr. J. MacCallum :

That the representatives of this Council on the Canada Medical Council be, and are, hereby instructed to urge and secure, if possible, from that body the appointment of an examination centre at Toronto, alternately with Montreal, irrespective of the examination centre in the western provinces.

The President put the motion, which, on a vote having been taken, was declared carried.

CONSIDERATION OF REPORTS.

Dr. Varden read the report of the Legislative Committee, but its consideration was held over in order that Mr. Hinsdale might address the Council, re the Workmen's Compensation Bill.

Mr. Hinsdale then addressed the Council at some length on the application of the Workmen's Compensation Act to the physician's work in rendering first aid, etc.

ANNUAL ANNOUNCEMENT.

The report of the Legislative Committee was then considered by the Council, when it was moved by Dr. Varden, seconded by Dr. S. McCallum, that the report be received and adopted.

The President put the motion, which, on a vote having been taken, was carried and the report adopted as follows :

The above committee beg to report that they held a special meeting on the 28th March, for the purpose of taking into consideration the Workmen's Compensation Act, which was then before the Provincial Legislature, and which was finally passed and is to come into force on January 1st, 1915.

In this Act no provision is made for the payment of the physician or surgeon who may be called to attend those who are injured or who are suffering from industrial diseases, and who are entitled to compensation under the Act; this the committee believed to be a great injustice to the Medical Profession at large, knowing that in great measure the success or failure of this Act depended on the active co-operation of our profession, and wishing and hoping that the Act when finally passed would work out to the satisfaction of all, and be a credit to those who were instrumental in the passing of the same.

Your committee took the earliest opportunity to call the attention of the Hon. Mr. Lucas, who had charge of the Act, to what they believed to be a grave omission, in that no provision was made whereby the medical attendant should be paid for services rendered, and requested that the Act be so amended before being finally passed, providing that a reasonable fee should be paid and provided for under the Act.

The Academy of Medicine were active also along these same lines, and had employed Mr. G. G. S. Lindsey, K.C., to examine into and report upon the Workmen's Compensation Act of the different states and countries which had a Compensation Act in force, and to present this and other facts to those who had the immediate charge of the Act, and draw the Government's attention to the provisions made in nearly all the Workmen's Compensation Acts that are in force in the world, that in nearly every case provision is made for the payment of medical and surgical attention.

Your committee took advantage of this fact to consult Mr. G. G. S. Lindsey, K.C., and to have him act for the Medical Council also.

ANNUAL ANNOUNCEMENT.

Your committee also sent duplicate postcards to all the members of our profession in Ontario, and requested them to write their respective local representative to the Provincial Legislature asking them to use their influence to have this defect remedied before the Act was finally passed.

We are sorry to report that in spite of all your committee could do, the Act finally passed without any provision being made for the payment of those upon whom will fall the burden of affording help and relief to those workmen who may suffer from accident or disease.

Your committee wish to place on record that in their opinion the Physicians and Surgeons of Ontario are true to their profession and when they are called to attend those who are sick or injured, do so willingly, and in many cases, without the hope of reward in this world, and that although in this Workmen's Compensation Act of Ontario no provision is made for payment of services rendered, they will never refuse to render help and assistance when suffering humanity requires their aid.

We hope that at the next session of our Provincial Legislature the Act may be so amended that full justice will be given to all parties concerned, and that our profession will do all in their power to make the working out of this Act a success.

(Sgd.) C. VARDEN,

Chairman.

Dr. Ryan moved, seconded by Dr. Griffin, that Mr. James F. Lawson, Chartered Accountant, be appointed Auditor for the ensuing year.

The President put the motion, which, on a vote having been taken, was declared carried.

It was moved by Dr. Ryan, seconded by Dr. Spankie, that the Auditor be instructed to examine and report in writing on the books of the Treasurer, the books of the Registrar, and the books and reports of the Board of Examiners, and that the Registrar notify the accountant to this effect.

The President put the motion, which, on a vote having been taken, was declared carried.

ANNUAL ANNOUNCEMENT.

MOTIONS OF WHICH NOTICE HAS BEEN GIVEN AT A PREVIOUS SESSION.

The following resolution was presented and adopted :

Moved by Sir James Grant, and seconded by Dr. Young :

That the members of the Medical Council view with deep interest the education of the public more fully than at the present in the subjects of tuberculosis and alcohol, two of the chief factors in the death rate of this Province, and that in these lines of action much good can be accomplished in their respective spheres of professional duty, by addresses in schools and public halls, calling closer attention to these important subjects.

Dr. Spankie read the report of the representatives to the Dominion Medical Council, and moved, seconded by Dr. Gibson, that the report be adopted.

The President put the motion, which, on a vote having been taken, was declared carried, and the report adopted as follows :

Toronto, July 9th, 1914

To the President and Members of the College
of Physicians and Surgeons of Ontario :—

Gentlemen :—

As your Representatives on the Medical Council of Canada we beg to submit as follows :—

The second Annual Meeting of the Medical Council of Canada was held at the City of Ottawa on the 16th, 17th and 18th of June, 1914.

The President, Dr. T. G. Roddick of Montreal, Que., in his opening address said, "I welcome you heartily to this the second Annual Meeting of the Medical Council of Canada." He then referred to the loss the Council had sustained in the death of Dr. G. A. Kennedy, of Alberta, one of the ardent promoters of the Dominion Medical Registration.

Continuing Dr. Roddick said :—"The Examinations held in October in the McGill Medical Building, Montreal, and in the four great hospitals of that City, passed off apparently with-

out a hitch." He then gave credit to the Registrar, the Authorities of McGill University and to the Governing Boards of the Hospitals for this very satisfactory ending of the first examination of the Medical Council of Canada.

In referring to the Examiners he said: "The Examiners, both French and English, (28 in all) displayed a universal interest in their work and were attentive and punctual."

71 candidates presented themselves for examination and 44 passed, 36 English and 8 French, while 5 French candidates and 3 English were referred to the Council as having failed in not more than two subjects. Of the 19 who failed 15 were English and 4 French. Of the 71 candidates, 28 were from Ontario, 31 from Quebec, 3 from Alberta, 1 from Saskatchewan, 1 from British Columbia, 1 from Prince Edward Island and 6, from other places. Of the 44 who passed 21 were from McGill 7 from Laval, 4 from Toronto, 6 from Queen's, 5 from Western and 1 from Manitoba University.

During the year 85 practitioners registered under the ten year clause, exclusive of the members of the Council.

Financially, the Council is in a healthy condition, having a surplus in cash of about \$11,000, for which thanks are due to the interest taken by the Dominion Government in our inauguration, and by continuing the annual donation of \$15,000.

The proceedings of the Council will be printed in due time and distributed.

Dr. Roddick requested to be allowed to retire from the Presidency. His request was granted and he was made Honorary President for life with a seat on the Executive.

The Officers of the Council now are:

President, Dr. R. S. Thornton, Manitoba.

Vice-President, Dr. R. J. Gibson, Ontario.

Toronto, July 9th, 1914.

To the President and Members of the
College of Physicians and Surgeons
of Ontario.

Gentlemen :—

I have the honour to present the report of the Property Committee of this Council.

During last winter the water gauge for the furnace was found to be leaking, and as it was impossible to let the furnace out long enough to have it properly repaired, it had to be temporarily stopped. This might require considerable attention, and a plumber has been asked to make a thorough examination and report what he thinks it will be necessary to do, and also, what the cost of such work will be.

These reports as yet have not reached this Committee, but as soon as they come in, if the Council approves of it, the matter can be taken up.

The hydrant also became frozen and had to be unearthed. This did not turn out to be such a serious matter as it was repaired, and has been satisfactory ever since. The bill for this work was fifteen dollars. (\$15 00)

Some repairs also were carried out inside of this building; some painting and paper hanging was done, and the building and grounds are now in a good state of repair, and have been very carefully looked after.

ANNUAL ANNOUNCEMENT.

The Committee feels that the Council is to be congratulated upon the way in which Mrs. and Miss Rose have taken care of this building.

All of which is respectfully submitted.

(Sgd) ARTHUR JUKES JOHNSON,

Dr. Johnson read the report of the Committee on Prosecutions and Infractions, and moved, seconded by Dr. Addison, that the report be adopted.

The President put the motion, which, on a vote having been taken, was declared carried, and the report adopted as follows :

Toronto, July 9th, 1914.

To the President and Members of the
College of Physicians and Surgeons of Ontario.

Gentlemen :

Your committee, appointed to deal with Prosecutions and Infractions of the Medical Act, beg to report that during the year a number of cases were considered, and the Prosecutor has been given instructions when necessary in each case.

A report of the work done by John Fyfe, employed as Prosecutor by this Council, has been placed in the desk of each member of the Council, and speaks for itself.

The Prosecutor has handed me, since the beginning of this meeting, three letters dealing with the following cases :

The Ontario Medical Institute.

Dr. Turofsky, 185 Spadina Avenue.

Dr. A. D. McArthur, of Blackstock.

which, it seems to me, should be brought before you by the Registrar, that the Council may decide which committee will deal with them.

ANNUAL ANNOUNCEMENT.

The Committee feels that the work, as it has been recently carried out by Mr. Fyfe, has been most satisfactory.

All of which is respectfully submitted.

McCallum, seconded by Dr. Johnson, that the report of the Committee on Prosecutions and Infractions of the Medical Act, together with the Prosecutor's report be referred to the Executive Committee for investigation and by them forwarded to the Discipline Committee, if they deem the evidence sufficient to warrant an investigation by the Discipline Committee, after the opinion of the Solicitor has been obtained.

The President put the motion, which, on a vote having been taken, was declared carried.

Toronto, July 7th, 1914.

To the President and Members of
the Ontario Medical Council.

Gentlemen:

Your Registrar, during the past year, received a number of Communications and Petitions from different Medical Societies in the Province of Ontario re the practicing of unregistered Practitioners, asking the Council to deal with them. These I put before the Executive Committee.

I have also been requested by a medical man to have the name of a registered Practitioner, who performed an operation for an unlicensed man calling himself a doctor, brought before the Discipline Committee; I replied to him, and said, if four registered Practitioners would send a petition to the Council for investigation, that, according to the Act, they would do so, provided the evidence, after being submitted to the Solicitor, was considered by him sufficient.

ANNUAL ANNOUNCEMENT.

I have also received from Mr. Johns, Assistant Provincial Secretary, a copy of a proposed Charter to incorporate a Canadian Chiropractic College in Hamilton, which at once was submitted to our Solicitor. A copy of this correspondence is attached to this report.

The Executive Committee met on one occasion, also a meeting of the Legislative Committee was held, re the Compensation Act, passed at the last session of the Legislature, a report of which the chairman will no doubt give you.

The Prosecution Committee met on different occasions to instruct Mr. Fyfe.

I cannot conclude this brief report without acknowledging the able assistance I have received from Miss Rose in the working of the office, and most particularly in the arrangement for the examination of about 140 students.

Mr. Fyfe too has been of great service to me in helping conduct these examinations and in many other ways.

I may say our registration of students was greater than they have been for some time, notwithstanding the Dominion Medical Council with whom our relations have been most cordial.

One case, where a man had got his degree, but had not passed the Council Examinations, he was warned to stop practising, until he did pass his Examinations.

Another case, where a Jewish Rabbi was performing the operation of Circumcision on Christian children, he was also warned to stop.

But the greatest number of complaints were about Osteopaths, chiropractors, and others who call themselves Doctor, but are careful not to give any medicine, confining themselves to a form of massage treatment, and vapor baths, etc., and, as you are aware, nothing can be done with that class of men and women, as the Ontario Medical Act is at present.

I would also report that I have placed in the hands of your Chairman, reports concerning the conduct of three members of the Profession, so that you may decide if their names shall go to the Discipline Committee, for investigation or not.

One re Dr. C. W. Walker, of the Ontario Medical Institute, 263 Yonge Street, Toronto; two of his associates or assistants having been convicted in the Police Court, for practising medicine without being registered. There is also a second charge against one of them, but he is at present out of the country, and cannot be served.

ANNUAL ANNOUNCEMENT.

One concerning Dr. Turofsky, 185 Spadina Avenue, Toronto. A witness, giving evidence in another case, stated that Dr. Turofsky told her that he would cause her to have a miscarriage, on payment of \$50.00. She paid him what he asked and he supplied her with medicine, but it did not have the desired effect. The man she was giving evidence against, the father of her child, also supplied her with medicine, and was convicted for doing so, but the Crown did not take any action against Dr. Turofsky.

Also one concerning Dr. McArthur, of Blackstock, Ontario, who was arrested and tried, for attempting to procure an abortion on one Mrs. Thomas Bailey, but was acquitted, the principal witness, on whose written and signed statement he was arrested having denied the truth of it, when placed on the witness stand.

In conclusion, gentlemen, I have to thank you for the advice and assistance you have given me, and to the profession generally, for their assistance in a position new to me.

I am, Gentlemen,

Your obeient servant,

JOHN FYFE,

Prosecutor.

Physicians and Surgeons of Ontario.

Your Committee desire to congratulate the Council on the fact that, after years of deficit, there is now an increase in the balance in bank of almost \$6,000.

We recommend that every licentiate of the Dominion Medical Council who registers his certificate of Dominion Registration with the College of Physicians and Surgeons of Ontario, shall pay \$100 for registration of such certificate.

In view of the valuable services rendered by Miss Rose during the past year, we recommend that she be given an honorarium of \$100.

In re the Workmen's Compensation Act, we recommend that one half of the bill of Gregory & Gooderham against the Academy of Medicine be paid by this Council.

All of which is respectfully submitted.

(Sgd) JAMES MACCALLUM,

Chairman.

Dr. MacColl presented and read the report of the committee on Re-distribution and Re-organization, and moved, seconded by Dr. Varden, that the report be adopted.

The President put the motion, which on a vote having been taken, was declared carried and the report adopted as follows :

REPORT OF COMMITTEE ON RE-ORGANIZATION.

Toronto, July, 1914.

To the College of Physicians and
Surgeons of Ontario.

Gentlemen,—

Your Committee on Re-organization met on July 9th, with the following members present: Drs. Ryan, MacArthur, Varden, Hardy, and MacColl.

ANNUAL ANNOUNCEMENT.

Re-organization was considered from the standpoint of universities that are actively engaged in the teaching of medicine and those that may appoint a medical faculty to the satisfaction of the Council ; second, Homoeopathic representation, and thirdly, territorial representation.

After mature consideration and discussion, it is recommended that at the present time university representation be one each from the University of Toronto, Queen's University, and the Western University, and each university which establishes and maintains to the satisfaction of the College of Physicians and Surgeons of Ontario a medical faculty in connection therewith. That the Homeopathic representation be two, and the territorial representation be ten.

In re-organization of the counties the idea uppermost was to so group them that the basis of the medical population would be as nearly three hundred as possible. Considerable difficulty was encountered in this matter on account of the large districts with small medical population. The appended grouping appears to your committee to be the most suitable arrangement.

We would therefore recommend that the Solicitor be instructed to draft clauses covering these recommendations.

We also recommend that this draft be given to the Legislative Committee with instructions to bring it before the Legislature.
